Dr. Cynthia Sutherland

Dr. Sutherland is an international cybersecurity advisor, consultant, and educator. She currently serves as Senior Cybersecurity Analyst for the Joint Staff and U.S. Representative and Global Chair of the Multinational Security Accreditation Board for over 15 countries. With over 20 years of I.T. experience, she specializes in working complex problems in challenging, hands-on, fast paced environments utilizing core cyber skills and critical thinking skills. She volunteers her time to building and shaping the future cybersecurity workforce by mentoring, training, and conducting public speaking events to America's youth. Her favorite motto is "Strive not to be a success, but rather to be of value." Albert Einstein
